

CORPORATE MEMBERSHIP AND ADVERTISING RATES

Corporate Membership

Five levels of corporate membership are available for you to join in supporting the arts, culture, and commerce of Finland and the community of Finns and friends of Finland in New York and elsewhere in the USA, at a level that is commensurate with your size, resources and philosophy. In return, we would like to engage in a discussion with each company on how best to increase your visibility in our newsletter, website and emails, and at cultural and community events in New York City. Many more heretofore unrealized benefits can accrue from this association in the future. In all of this, we look forward to cooperating as much as possible with the Finnish-American Chamber of Commerce. Please contact Thomas Riggs or any one of our Board members for further information and set up a visit at our office!

Corporate Membership Levels:

BRONZE – Logo placement with link under Members & Partners (6 months) - \$200

SILVER – Front page logo/advertisement (1 year) - \$400

GOLD – Front page logo/advertisement (1 year) plus blog article or interview - \$1000
